First Consultation

NLESD staff met with families of Charlottetown Primary students on November 6th, 2019. Some of the concerns raised were as follows:

Family Concern	District Response
Class size and teacher allocation.	District staff clarified the projected numbers.
Possibility that the review was financially motivated.	District staff explained the programming benefits of students attending larger schools with more students their own age.
Length of transportation and travel on the highway.	District staff has investigated the bus routes and identified some ways to decrease the length of the bus ride from Charlottetown to Glovertown.
Benefits of a school in the community versus benefits of attending a larger school.	District staff discussed this with the families.

Proposed Configuration Change

Charlottetown Primary will be scheduled to close as of June 26, 2020. Beginning in September 2020, the student attendance zone of Charlottetown Primary will be added to the student attendance zone of Glovertown Academy. Grades K-3 students who would have attended Charlottetown Primary will attend Glovertown Academy instead.

Transportation

Current configuration uses 4 buses to perform 4 runs. Current longest run time is 65 minutes from Terra Nova to Glovertown Academy. After consultation with the community, run times were examined and it was determined that they could be altered to reduce the longest run to 55 minutes, regardless of the outcome of this review.

No students are bused to Charlottetown Primary.

With the proposed configuration change, there would be no change in either the number of buses required or the longest run time.

Notice of Motion

MOTION: Glovertown Academy School System, Glovertown Academy (K-12), Charlottetown Primary (K-3):
