After extensive consultation with our school community we are pleased to announce that the School Board Trustees have approved 'Juniper Ridge Intermediate' as the name for our new school!

We would like to thank our School Council for working closely with Administration to oversee this process. We are confident that our school will continue to build on our already strong relationship with our school community and provide a positive learning environment for all students. Thank you to everyone who participated in this process!

## Introducing 'Juniper Ridge Intermediate'

*Nestled at the base of Whitty's Ridge, our school is represented by the Juniper tree. The Juniper signifies a great journey with many twists and turns, and the importance of staying true to oneself while never compromising one's integrity.*
