### **Public Advisory: Updated District Bus Routes Impacted by Busing Suspension**

The Newfoundland and Labrador English School District is updating the complete list of service interruptions, first announced on February 12. Please note, busing service will be maintained for Monday morning (February 13) for the routes bolded and identified in the chart below. These runs have been subcontracted to secondary approved bus operators since September, 2022, and service will continue, uninterrupted.

Schools have been in direct contact with their students and families to provide the updated information. School names bolded in the chart below are no longer anticipated to be impacted. District staff are aiming to have all bus services in place by Monday, February 20, as work to implement services as quickly as possible is ongoing. As resources become available, service may be implemented earlier for some schools. Families are being asked to make arrangements for transportation to and from school in the interim.

The District is also asking the general public in the St. John's Metro region to be careful in school zones, particularly in the areas near the schools noted in the backgrounder below. Patience and attention are important, as there will be increased vehicle and foot traffic in these locations.
